

Andrea Hall Stachniewicz

Judicial Delegate, Assembly District 36

Statement from Andrea Hall Stachniewicz, Judicial Delegate for Assembly District 36 in New York State on Innovation QNS.

My name is Andrea Hall Stachniewicz, I am an Astoria resident and an elected Democratic Party official for Assembly District 36. I am in strong opposition to the Innovation QNS rezoning. If approved, the Innovation QNS rezoning would cause already-rising rents in the area to skyrocket; placing an undue burden on the working-class members of our community who are already struggling under unprecedented inflation. Astoria is home to vastly diverse groups of individuals from all backgrounds; all of whom come together to form a close knit and caring community. This is what makes Astoria beautiful and special. An approval of the Innovation QNS rezoning would drive out, if not violently displace, Astoria's most vulnerable residents; and as such, would threaten the very moral fabric of our beloved community. Therefore, I cannot in good faith support this project. I am asking you to protect the integrity of our community and please vote NO on Innovation QNS rezoning.

Sincerely,

Andrea Hall Stachniewicz, MA, Ed.M, LMHC
Judicial Delegate, Assembly District 36
